Dear Parents,

Spring has sprung and the world is alive with color! Flowers, trees, and gardens are in full bloom, the weather is warmer, and the days are longer. Spring is in the air and summer is right around the corner! Just as the world is blossoming, so will your child during the marvelous month of May!

The first and third week of the month is Growing Gardens: Flowers. The children will be exploring and learning about growing gardens. They will learn to grow flowers and be "Little Gardeners." They will also be reading lots of books and making lots of arts and crafts.

As we get into the second special week of fun as we celebrate those wonderful caregivers out there, our "Marvelous Moms!"

Fourth week we will learn about "Planes, Trains, and Automobiles." As we wrap up May, we will be "Walking through the Jungle." Exploring different animals and their habitats. We will have lots of fun things planned this month and we can't wait to share.

Happy Spring!

Fondly,
The HCA Management Team
