Friday, June 14th-Story time with Our loved ones 7:45am-8:45am

Dear Parents,

It's hard to believe June is here already. This month we will be exploring different animals and their habitats, as well as summer beginning and celebrating our fabulous fathers.

hello 🖉

The first week of June we will learn all about the jungle and the animals that live there. With the help of our teachers, we will craft some of the animals found in the jungle and decorate our classrooms. Our second week, we celebrate our fabulous fathers and thank them for all their love and care. We would like to ask that you provide a few pictures of those special males in your child's life for some of our scheduled activities.

Next, we will be welcoming summer and learning about the weather changes that come with the new season. For our last week of June, we will discover the sea life that exists under the sea. We will sing songs and make crafts to help us explore the theme.

We are very excited for the fun events each class has planned for the summer months including as much outdoor time that we can get!

We're off to a sensational start! Happy Summer!

Fondly,

The HCA Management Team
